[Exciting News!!! Find out more at our Parent Information Evening this Thursday!](#)

This Thursday at 5.30pm we will be holding an information evening for the three applications we are running. At this evening we will be discussing how to get the best out of the applications.

We have exciting news! *We are going to give our parents access to the school WIFI!!* We know that not all our families have WIFI at home and understand mobile data is limited and very expensive. We want to help remove barriers to using our tools by allowing parent access to WIFI while at school. All we ask is that you download (for free) and connect to our three school applications.

To gain access, you need to be at our evening on Thursday. There we will connect you to the network and you will be ready to go! We don't mind if you use the WIFI to use our applications, read the news, check your Facebook etc...
