## Edible Arts Project

A group of year 6 Room 9 girls have spent most of the year working on a costume to enter the edible arts competition. The girls used recyclable food packaging to create a mythical creature. They used weaving and paper mache techniques to create their costume. They made it through to the finals on Friday night. Hayley was a great model. I would also like to thank Deanna Tahau who helped us with the costume and let the girls meet at her house in the holidays to work on their costume.

## Celebrating Success

Due to National testing taking place this morning in the hall we did not have an assembly today. This is why there are no celebration results.
