

TERM THREE

WEEK 8 MONDAY 12TH SEPTEMBER 2022

EBBETT PARK SCHOOL

EXCELLENCE, PRIDE & SPIRIT

What's Been Happening?

Te Wiki o Te Reo Māori

Vision

Empowering akonga to be culturally inclusive and engaged community members of the future. Striving to excel, standing with pride and connecting with spirit.

Mission

Ebbett Park School will challenge students to excel and provide them with all they require to be lifelong learners.

Even though every day is a celebration of Te Reo Māori, this is an important week to acknowledge how special Te Reo Māori is to us and all the amazing people who have worked hard to make sure Te Reo Māori has the presence it has. We all have a part to play in making sure Te Reo Māori continues to flourish and is valued.

This week we have Raureka Kindergarten visiting to watch our Kapa Haka group.

Year 6 Intermediate School Enrolments!

Now that our Year 6 students and whānau have had a chance to visit the various Intermediate Schools available to them it is time to get enrolments in. Some have cut off dates which are important NOT to miss.

If you need any help or support completing these documents please contact either Kate or Hamish.

Please DO NOT miss enrolment deadlines and this can cause a great deal of stress for our tamariki if they do not know where they are heading to next year.

Ebbett Park School Legends

Classroom Champions

Ka mau te wehi!

Excellent, Pride and Spirit alive and well at Ebbett Park School last week. Despite a number being away today we celebrated these tamariki that lead the way in the school values - being consistent is important as it shows that you can do it naturally.

Classroom VIPs

Our VIP students have been recognised this week for being kind this week. One story of note was that one young man walked one of his peers to the gate with his umbrella so she would not get wet at the end of the day.

SPECIAL ROLE MODEL AWARD

Royal and Christopher-Jack have been acknowledged by Ms Medlicott for being outstanding ROLE MODELS. Royal stepped into do a job for Ms M when he saw that she was doing lots of things at once and JC walked a fellow classmate into school as he saw that he needed awahi.

Our Week 8 Values Focus is:

Speaking Kindly

This week we are focusing on how we speak to others and the words we use.

Before you speak:

THINK

T = Is it True?

H = Is it Helpful?

I = Is it Inspiring?

N = Is it Necessary?

K = Is it Kind?

Positive Behaviour 4 LEARNING

HOLIDAY PROGRAMME INFORMATION

October Holiday Programme

Your budding marine biologist will be investigating **five new science themes** this holidays, spending time in the **research lab**, **out in nature**, and **behind the scenes** at the aquarium.

They will also be immersed in the world of **art and science** combined, with our "Ocean and I" art exhibition taking place throughout the whole month, showcasing over **30 national artists** and their connection to the ocean through many different forms of art.

Monday – Hide and Seek

Today we will need our architecture and building skills!

We will be investigating why some animals live in shells, how do they carry their homes on their backs, and what would it be like for us to do the same? Also, why and how do some shells have patterns and colour, and why are some pointy and sharp, and some are smooth?

Tuesday – Bright and Shiny

Today we will need to show our true colours! We will be investigating the world of colour, you will be transported to a rainbow coloured world, discovering the many patterns and colours used in the animal kingdom.

Wednesday – Teeny and Weeny

Today we will need your lab coat! We will be investigating all things tiny in the ocean. What microscopic animals are there and how do they help our world?

Thursday – Dark and Light

Today we will need our torches and our sunglasses! We will be investigating why and how some animals live in the dark and some live in the light, what special super powers do they all have?

Friday – Near and Far

Today we will need our super sight! We will be investigating why some animals can see long distances, and how do they see through and in to water to catch their prey and avoid predators.
