Year 6 Intermediate School Enrolments!

Now that our Year 6 students and whānau have had a chance to visit the various Intermediate Schools available to them it is time to get enrolments in. Some have cut off dates which are important NOT to miss.

If you need any help or support completing these documents please contact either Kate or Hamish.

Please DO NOT miss enrolment deadlines and this can cause a great deal of stress for our tamariki if they do not know where they are heading to next year.

Navigating the Journey Teacher Programme starts this week

Relationships and Sexuality Education is part of the New Zealand Curriculum, and it is a required part of the Health and Physical Education learning area from Years 1 – 10.

The purpose of Relationships and Sexuality Education is to provide students with the knowledge, understanding and skills to develop resilience and positive attitudes, demonstrate empathy, practice responsibility, to take care of their health, and to enhance their interpersonal relationships, now and in the future.

Learning opportunities are explored within five themes:

1. Establishing a positive learning environment: Te whakarite i tētahi ao ako huapai
2. Who am I? Ko wai au?
3. Relationships: Ngā whanaungatanga
4. Growing and changing: Te tipu me te huri o te tangata
5. Staying safe: Te noho haumarū

An AWARDING WINNING LUNCH ON FRIDAY

In week 6 'The Morning Kitchen', the company that plans and makes our school lunches set a challenge:

We would like to offer Ebbett Park Primary a chance to design their own lunch. If you are keen, we have attached a page that will help your teachers work with their classes to design a menu for one lunch. You may wish to do this with just the senior classes, or all classes. We will pick the best one (that meets the criteria most closely) and your school will be provided this lunch in Week 9 of this term :)

The winning menu for the Design A Lunch goes to..... ZOE Julian from rm 10.

This menu had a great balance of veggies, carbohydrates, fruit and protein. It meets the weight criteria for all year groups, and is a meal that we know most students already love.

(We need to swap the blueberries for grapes however as blueberries are not in season). This will be Friday's lunch.

Classroom Champions

Ka mau te wehi!

Excellent, Pride and last week. Despite a these tamariki that consistent is naturally.

Spirit alive and well at Ebbett Park School number being away today we celebrated lead the way in the school values - being important as it shows that you can do it

Classroom VIPs

Our VIP students have been recognised this week for being kind this week. One story of note was that one young man walked one of his peers to the gate with his umbrella so she would not get wet at the end of the day.

SPECIAL ROLE MODEL AWARD

Royal and Christopher-Jack have been acknowledged by Ms Medlicott for being outstanding ROLE MODELS. Royal stepped into do a job for Ms M when he saw that she was doing lots of things at once and JC walked a fellow classmate into school as he saw that he needed awahi.

HOLIDAY PROGRAMME INFORMATION

October Holiday Programme

Your budding marine biologist will be investigating **five new science themes** this holidays, spending time in the **research lab**, **out in nature**, and **behind the scenes** at the aquarium.

They will also be immersed in the world of **art and science** combined, with our "Ocean and I" art exhibition taking place throughout the whole month, showcasing over **30 national artists** and their connection to the ocean through many different forms of art.

Monday – Hide and Seek

Today we will need our architecture and building skills!

We will be investigating why some animals live in shells, how do they carry their homes on their backs, and what would it be like for us to do the same? Also, why and how do some shells have patterns and colour, and why are some pointy and sharp, and some are smooth?

Tuesday – Bright and Shiny

Today we will need to show our true colours! We will be investigating the world of colour, you will be transported to a rainbow coloured world, discovering the many patterns and colours used in the animal kingdom.

Wednesday – Teeny and Weeny

Today we will need your lab coat! We will be investigating all things tiny in the ocean. What microscopic animals are there and how do they help our world?

Thursday – Dark and Light

Today we will need our torches and our sunglasses! We will be investigating why and how some animals live in the dark and some live in the light, what special super powers do they all have?

Friday – Near and Far

Today we will need our super sight! We will be investigating why some animals can see long distances, and how do they see through and in to water to catch their prey and avoid predators.
